Independent Auditor's Report

The Board of Directors Native Seeds Southwestern Endangered Aridland Resource Clearing House, Inc.

We have audited the accompanying statement of financial position of Native Seeds Southwestern Endangered Aridland Resource Clearing House, Inc. (the Organization) as of September 30, 2012, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year comparative information has been derived from the financial statements of Native Seeds Southwestern Endangered Aridland Resource Clearing House, Inc. as of September 30, 2011, which were audited by other auditors whose report dated February 1, 2012, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Native Seeds Southwestern Endangered Aridland Resource Clearing House, Inc. as of September 30, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information beginning on page 13 is presented for purposes of additional and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Nature of Operations and Significant Accounting Policies

Organization and Nature of Operations

Native Seeds Southwestern Endangered Aridland Resource Clearing House, Inc. (Native Seeds) was founded in 1983 as an Arizona nonprofit corporation whose mission is to conserve, distribute, and document the adapted and diverse varieties of agricultural crops and their wild relatives of the American Southwest and Northwest Mexico. Specifically, the goals of Native Seeds are to preserve specific genetic types, promote their use and of their wild relatives by gathering, safeguarding and distributing their seeds to farming and gardening communities as well as working to preserve knowledge about their uses.

Native Seeds' programs consist of the following:

- Conservation Conservation of rare arid lands crop seeds at the seed bank, including grow-outs at Native Seeds' farm.
- Distribution Retail seed, craft, and food sales and seed donations to NativeAmericans.Net proceeds support Native Seeds' mission.
- Membership and volunteers Reaching out to the community through membership as well as volunteers.
- Education Increasing public awareness of seed stewardship through newsletters, social media, educational material, lectures, seed schools, salons, and other means.

Cash and Cash Equivalents

Native Seeds considers all cash and highly liquid financial instruments with original maturities of three months or less, and which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to capital expenditures, permanent endowment, or other long-term purposes of Native Seeds are excluded from this definition.

Receivables and Credit Policies

Accounts receivable consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. At both September 30, 2012 and 2011, the allowance was \$0.

Promises to Give

Unconditional promises to give expected to be collected within one year are recorded at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statement of activities. Management determines the allowance for uncollectable promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written off when deemed uncollectable. At both September 30, 2012 and 2011, the allowance was \$0.

Gift Shop Inventory

Inventory is comprised of program-related merchandise held for sale in the gift shop, and is stated at the lower of cost or market determined by the first-in first-out method. Management has provided an allowance for inventory obsolescence of \$0 at both September 30, 2012 and 2011, respectively.

Property and Equipment

Property and equipment additions over \$1,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 2-40 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

Native Seeds reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the years ended September 30, 2012 and 2011, respectively

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets available for use in general operations. Unrestricted board-designated net assets consist of net assets designated by the Board of Directors for operating reserve and quasi-endowment.

Temporarily Restricted Net Assets – Net assets subject to donor restrictions that may or will be met by expenditures or actions of Native Seeds and/or the passage of time, and certain income earned on permanently restricted net assets that has not yet been appropriated for expenditure by Native Seeds' Board of Directors.

Native Seeds reports contributions restricted by donors as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets whose use is limited by donor-imposed restrictions that neither expire by the passage of time nor can be fulfilled or otherwise removed by action of Native Seeds. The restrictions stipulate that resources be maintained permanently but permit Native Seeds to expend the income generated in accordance with the provisions of the agreements.

Revenue and Revenue Recognition

Revenue is recognized when earned. Program service fees and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed or expenditures are incurred, respectively. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to Native Seeds' program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. Native Seeds records donated professional services at the respective fair values of the services received.

Advertising expenses

Advertising costs are expensed as incurred. Advertising expense was \$8,448 and \$3,018 for the years ended September 30, 2012 and 2011, respectively.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The schedules of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

Native Seeds is organized as an Arizona nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), qualify for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and (viii), and have been determined not to be private foundations under Sections 509(a)(1) and (3), respectively. The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to their exempt purposes. The Organization has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

The Organization believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and those differences could be material.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

Subsequent Events

The Organization has evaluated subsequent events through May 14, 2013, the date which the financial statements were available to be issued.

Note 2 - Grants Receivable

| Unredeemed gift certificates and other | 3,181 | 11,108 |
| | \$ 63,185 | \$ 38,763 |

Note 6 - Line of Credit

Native Seeds has a \$150,000 revolving line of credit with a financial institution to be drawn down as needed based on the timing of cash received on grants awarded. The line of credit bears interest at the LIBOR Rate plus 3.4% (4.43% and 3.63% at September 30, 2012 and 2011, respectively), is secured by real property and matures in May 2014. The line of credit contains a provision whereby, in case of default, the bank has the right to charge or offset all sums owed on the line of credit against any checking and savings accounts held by Native Seeds at that bank. At September 30, 2012 and 2011, the outstanding balances were \$100,001 and \$57,444, respectively.

Note 7 - Note Payable

Native Seeds has a note payable to a bank secured by real property. Payments on the note payable are \$3,229 per month (including interest at 5.75% per annum) with the note maturing in May 2015. The outstanding balance at September 30, 2012 and 2011 was \$390,141 and \$406,252, respectively. The note payable also requires Native Seeds to be in compliance with certain financial and nonfinancial covenants, with which Native Seeds was not in compliance at September 30, 2012. Due to this noncompliance, the bank may call the entire outstanding balance of the loan.

Required principal payments on the note payable are as follows:

| Year ending September 30, | Amount |
|---------------------------|-----------------------------------|

Note 11 - Investment Income

Native Seeds has a brokerage account available for donors to use for securities donations. All securities donations are immediately sold, and Native Seeds does not hold any other investments in this account. The account balance was \$0 at both September 30, 2012 and 2011.

Investment income for the years ended September 30, 2012 and 2011 is reported in the statements of activities as follows:

| | 2012 | 2011 | | |
|---|-------------|------|---------------|--|
| Interest and dividend income Realized losses | \$ 1,463 | \$ | 1,219 (58) | |
| | \$ 1,463 | \$ | 1,161 | |

Note 12 - Fair Value Measurements

Fair value measurements are determined based on the assumptions—referred to as inputs—that market participants would use in pricing the asset. The fair value hierarchy distinguishes between market participant assumptions and Native Seeds' own assumptions about market participant assumptions. Observable inputs are assumptions based on market data obtained from independent sources; while unobservable inputs are Native Seeds' own assumptions about what market participants would assume based on the best information available in the circumstances.

- Level 1 inputs A quoted price in an active market for an identical asset or liability is considered to be the most reliable evidence of fair value. Native Seeds does not utilize Level 1 inputs.
- Level 2 inputs These are observable inputs, either directly or indirectly, other than quoted prices included within Level 1. Native Seeds does not utilize Level 2 inputs.
- Level 3 inputs These inputs are unobservable and are used to measure fair value only when observable inputs are not available. The fair value of pledges receivable are estimated using an interest which approximates the present value of future cash flows.

Assets measured at fair value on a non-recurring basis using significant unobservable inputs (Level 3) at September 30, 2012 and 2011 consisted of pledges receivable valued at \$5,000 and \$10,730, respectively.

Note 13 - Leases

Native Seeds leases retail and office space and equipment under various non-cancelable operating leases expiring through April 2015. Rent expense for the years ended September 30, 2012 and 2011 was \$51,658 and \$48,202, respectively.

Future minimum lease payments are as follows:

| Year ending September 30, | Amount |
|---------------------------|--------------------------------|
| 2013 2014 2015 | \$ 15,610 5,426 3,691 |
| | \$ 24,727 |

Note 14 - Related Party Transactions

During the years ended September 30, 2012 and 2011, respectively, Native Seeds purchased inventory in the amount of \$8,143 and \$9,144 from a company owned by two board members, representing 6% and 7% of total purchases during the year. Accounts payable to this company were \$679 and \$927 at September 30, 2012 and 2011, respectively.

Native Seeds also purchased inventory in the amount of \$2,384 and \$0 from a company owned by another board member, representing 2% and 0% of total purchases during the year. Accounts payable to this company were \$80 and \$0 at September 30, 2012 and 2011, respectively.
